The screenshot displays the geoland.at web application interface. The left sidebar contains a 'Hintergrund (Basemaps)' section with three map style thumbnails: 'basemap.at', 'Basemap Orthofoto', and 'Basemap Oberfläche'. Below this is a 'Deckkraft' (opacity) slider and a list of map layers including 'Verwaltungsgrenzen', 'Naturschutz', 'Kultur', 'Bildung', 'Raumordnung', 'Wald', 'Wasser', 'Digitaler Kataster (BEV)', and 'geoland.at'. The main map area shows an aerial view of a town with a red line and a green line overlaid. The red line is labeled 'Schonstrecke (rot)' and the green line is labeled 'Revierstrecke (grün)'. A yellow box labeled 'Standort / Position' points to a location on the map. The top navigation bar includes 'Navigation', 'Karte', 'Abfragen', and 'Werkzeuge'. The bottom status bar shows coordinates (EPSG: 31287, R: 605546.85, H: 428412.26), a scale bar (250m), and the map scale (M 1:6.510). The geoland.at logo is in the bottom right corner.
